

Online booking instructions:

NOTE: At this time you can only do online booking for regular appointments. Unfortunately, you cannot use this system to book for more complex visits like complete physicals, lesion excisions, visits that involve our nurse etc. For these bookings, you will still need to call our office.

1. Go to the Crossroads Practice website:

<http://crossroadspractice.ca/>

NOTE: There are other Crossroads Medical clinics in Canada- one is in Nova Scotia (called Crossroads Family Practice), and one is in Vancouver (called Cross Roads Vancouver-Family Practice) so it is best to use the link above and **bookmark** it or type the address directly into your URL (crossroadspractice.ca)

2. You can use either your computer or your mobile device to do the booking.

3. Click “[Book Online](#)”

4. Select your doctor

NOTE: Dr. Ross and Dr. Janz are job-sharing and Dr Smith and Dr Beaumont are job-sharing so if you are a patient of one of these shared doctors you can select either of the two (eg. a patient of Dr Ross can book with Dr Janz or vice versa).
Use the scroll bar to see all the doctors in the clinic, then click on your doctor.

Appointment Scheduling

This page is for existing patients of the physicians listed below.
